

SCI Assessed

Anglian Metal Deck Ltd

AMD54, AMD60, AMD80

Composite Deck Profiles

The SCI has assessed performance data for both bare steel and composite properties for three decking profiles, AMD54, AMD60 and AMD80, produced by Anglian Metal Deck Limited, and their implementation in AMD design software (Build 20).

The full scope of the assessment is described in SCI report RT 1776 (October 2018)

Product ID: 1806
End Date: 24th October 2020
